Spark imagination & creativity in your students with this challenging and rewarding programme, supporting your student’s in the creation of their own original piece of devised theatre!

Inspiration is sought from poems, songs, novels and from the students themselves, reflecting their lives, dream’s, fear’s and imagination.

Play in a Day: Unlike food, plays are *meant* to be played with!

Stuck on Shakespeare? Losing it with Lorca? Bored with Brecht? Plays are written to be performed and Theatre Workout can help your students make the most of their coursework or exam preparation, teaching you acting techniques to get to grips with the characters and to stage scenes from the play or your choice, to bring the play to life and make sense of that soliloquy!
